

SAFETY BULLETIN

Safety Bulletin No.	2025 07	Date Issued	November 2025
Subject	Importance of keeping fire extinguishers clear and accessible		
Area of Concern	Terminal & Airside		
Issued By	Ana Fotu - Senior Airport Operations Coordinator		

This Safety Bulletin is issued to all staff working at Darwin International Airport. To maintain a safe working environment, please ensure the following protocols are applied at all times:

- Fire extinguishers must be kept unobstructed at all times to ensure quick and effective use in an emergency
- Blocked access can cause critical delays during an emergency response
- Check your work area and remove any obstructions immediately
- Report any damaged or missing extinguishers to Airport Duty Manager or Airside Operation Officer

These pictures illustrate an unacceptable obstruction of safety equipment.

- ✓ Safety is everyone's responsibility
- ✓ Keep fire equipment accessible at all times!

Thank you for your cooperation!

Issued By: Ana Fotu
