## Introduction

During the 2019 October Safety Month activities, Ian Kew announced the introduction of the NT Airports CEO – Contractor Safety Award. This is an annual award that will be presented to one of four quarterly winners that will be selected throughout the year. This award represents the value that the NT Airports Executive places on safety and environment at our airports.

## Nominations

For this quarter we received nominations from:

- **Fred NT** – local plumbing infrastructure contractor
- **Select Services** – local air conditioning contractor
- **Wilson's Security** - front of house security contractor
- **Downer** - runway re-surfacing contractor
- **Tailor-made Building Services** - local building contractor
- **BT Energy** - roof-top solar contractor

Alice Springs Airport runway resurfacing project

All contractors demonstrated excellent WHS practice whilst working at NT Airports. Congratulations to all the nominees and the winner was Downer. Downer recently completed the Alice Springs runway resurfacing a project that took 32,000 hours to complete with no LTI's or MTI's during the project. The project used state of the art technology, had high people & machinery interaction, work completed at night-time and used excellent communications with all workers to produce an exemplar safety result.

Paul Clyne (Downer), Ian Kew (CEO-NT Airports) and all award nominees

- Nominations for the 2nd quarter are now open & contractors are encouraged to apply. Please contact WHS.

**Remember there's \$1,000 Bunnings voucher to be won!!!!**
