

Safety Bulletin No.	2021_04	Date Issued	22 nd February 2021
Subject	DIA East End Waste Station – Recycling		
Area of Concern	Contamination of recycling		
Issued By	Environment and Sustainability Manager – 0402 389 998		

Introduction

The East End Waste Station is a CCTV monitored facility provided by Darwin International Airport for the disposal of recyclable and general waste from airport stakeholders (as a part of normal business activities). Every operator is responsible for ensuring all relevant staff are trained on correct waste disposal methods.
