

2018 National Safe Work Month – Precis of Events

Grouping	Event	Precis
Welcome	NSWM Launch	Go through activities & a general overview of safety performance over the last month
	ASW Launch IK + motivational speaker	Theo Venter is an engaging motivational speaker who having been a survivor of a serious workplace accident highlights the importance of safety culture.
A moment is all it takes	This Could be You	PWC have produced an engaging video based on accidents that have occurred in Darwin in recent years. Rowan Lee will be here to talk about why safety culture is important.
	Loading Dock Safety	Keeping our loading dock area safe is particularly important in an airport environment due to the problems of birds & other wildlife being attracted due to poor housekeeping. Wildlife and aircraft don't mix
	FOD Walk	Come along & help keep FOD under control or set up your own FOD walk.
Walk in my shoes	Mates in Construction	John Brady from the "MATES in Construction" (MIC) program. This program has helped over 140,000 workers. We all go through tough times. MIC helps us learn how to help a mate who might be struggling and how to connect them to appropriate help.
	A Day in the Life of S1	Our very own Maria Norman (S1) will be sharing her experiences in her role as S1 in an engaging interview with local MC / comedienne Amy Hetherington
	Women's Health	A familiar face around the terminal is Toni Thomas from MSS who will be sharing her battle with cancer & highlighting the importance of listening to your body and getting a second opinion. Toni will share her experience in a heart-warming interview with Amy Hetherington.
	Fire Station / Careflight Visit	Everyone loves a fire engine and a helicopter. Here's your chance to get up close and personal with our local airport emergency people and their toys. This will be popular and there will only be limited places available.
Health & Wellbeing	Limber & Stretch	Ok all you office and desk bound people let's get up and stretch that spine and get some tips on how to keep your body healthy.
	CPR & Defib	Seen the defibrillators around the airport? Would you know what to do if someone collapses in front of you? Here's your chance to refresh your skills!
	Living & Working in the Tropics / Desert Climate	Well renowned expert Dr Matt Brearley will share with us about living and working in the heat. His important research & his engaging manner will provide some simple tips on managing heat stress in our climate.
	Hi-Viz & Brunch – End of Month	To close out the month of activities we'll be having a Brunch barbecue and best dressed hi-viz competition. Come along and enjoy the good food & a chance to win some good prizes.
