

SAFETY BULLETIN

Safety Bulletin No.	2019 05	Date Issued	27 th February 2019
Subject	Staff Car Park Access Safety		
Area of Concern	Staff not accessing car park through covered pedestrian walkway provided		
Issued By	<i>Steve Caldwell</i>		

This safety bulletin has been prepared due to a recent incident where an airport worker was injured whilst walking to the staff car park through the short-term car park and across the roadway and traffic islands.

Traffic island where incident occurred

Staff who walk across the roadway and traffic islands run the risk of an injury or accident due to the following hazards:

- Vehicle traffic,
- uneven surfaces,
- soft surfaces and
- other uncontrolled hazards.

Route from staff car park to terminal

Staff are reminded that pedestrian access to the staff car park from the terminal **must be via the undercover walkway** provided for that purpose (marked in red above) to reduce the risk of injury.

THINK SAFELY, ACT SAFELY
