AIRNORTH ADDS THE GLITTERING GOLD COAST TO THE LIST

The Glitter Strip's famous sun, sand and theme parks are easier to access as Airnorth commences its new seasonal flights between Darwin and the Gold Coast starting today.

Airnorth, the Territories home grown airline, will operate the new service twice weekly on Wednesdays and Sundays from 3 April to 20 October 2019.

Airnorth Chief Executive Officer Daniel Bowden said he was delighted to expand Airnorth's network as more of our customers are seeking fast, reliable air travel between Gold Coast and Darwin.

"These additional services commence just prior to the busy Easter holidays connecting Territorian families who wish to experience world-class theme parks, sparkling surf beaches and the many retail meccas dotted around the Gold Coast"

Darwin International Airport Acting Chief Executive Officer Tom Ganley welcomes this new seasonal service and is confident that it will prove popular for both in-bound and out-bound passengers.

"Territorians will be even more spoilt for choice for holiday destinations with Airnorth's new service to the Gold Coast. The South East Queensland region is home to many baby boomers looking for different and exciting holiday destinations. This new service puts our wonderful festival and events, Kakadu and Litchfield National Parks, within easy reach of this market," said Tom Ganley, Acting CEO NT Airports.

The Airnorth service will depart Darwin and travel to Townsville for a short 30-minute stopover before ongoing to the Gold Coast. It will then retrace its route on the same day.

Airfares from Darwin to Gold Coast start at \$279.00.

A major ticketing sale will run from April 3 to 10, 2019 to mark the start of the service. Flight bookings include free 20kg checked luggage, complimentary refreshments and passengers can earn status and frequent flyer points under our Qantas code share partnership.
